

Life's A Celebration

Chorus

**Don't you know life's a celebration
Of our God
Right across the nation
Can't you see
All the wonder and all the love
Are there to shine on me**

- 1. You'll see it everyday
In every little helping way
It's good to know that God's around**
- 2. In the smile of your closest friend
On the days you don't want to end
It's good to know that God's around**
- 3. In the light of a brand new day
In the night when you are far away
It's good to know that God's around**
